# **WILDLIFE HABITAT CANADA**

## **Competitive Grant Program 2019-2020**

### **Reporting Requirements on Performance Indicators**

As required by Environment and Climate Change Canada (ECCC), Wildlife Habitat Canada (WHC) has developed a comprehensive set of performance indicators for its competitive grant program.

#### **What is a performance indicator?**

"Performance indicators are measurable results that demonstrate how a project's objectives are met."<sup>1</sup>

By implementing specific reporting requirements for approved grant projects, WHC can collect the data necessary to evaluate the effectiveness of the program.

Consult the performance indicators listed below to learn about the reporting requirements for WHC's grant program.

#### **WHC Grant Program Performance Indicators**

- 1. Networking Grants provided to eligible recipients to advance stewardship, including for wetland education programs and waterfowl hunter education programs.**
  - ❖ Funding allocation.
- 2. Habitat Grants provided to eligible recipients for research and conservation, restoration, protection and enhancement of habitat in priority areas.**
  - ❖ Funding allocation.
- 3. NL Murre Conservation Fund Grants provided to eligible recipients.**
  - ❖ Funding allocation.
- 4. Projects that contribute to the North American Waterfowl Management Plan (NAWMP) are implemented.**
  - ❖ Percentage of funded projects addressing priority activities under NAWMP.
  - ❖ Number of projects addressing NAWMP priorities.

**5. Projects are implemented and WHC funding is leveraged.**

- ❖ Number of projects funded.
- ❖ Matching funds leveraged by grantees.
- ❖ Ratio of matching funds leveraged by grantees.

**6. Waterfowl and other priority habitats are protected, conserved and restored.**

- ❖ Land protected, conserved and restored through funded projects.

**7. Canadians participate in projects funded by WHC's Grant Program.**

- ❖ Number of participants in projects supported by the WHC Grant program.
