

## Wetland on Wheels 2018-2019: Accelerating Conservation & Restoration

BC Wildlife Federation  
**\$40,000 Grant**

**PACIFIC BIRDS**  
HABITAT JOINT VENTURE

Through this program, the BC Wildlife Federation delivered 8 stewardship workshops to 148 participants, completed restoration at 5 sites (total of 6.11 acres), and participated in 6 outreach events, reaching an additional 1,150 people across British Columbia.

### Project Achievements:

- Trained 148 stewards at wetland workshops.
- Educated 1150 people at outreach events.
- Restored 6.11 acres of habitat.

## BCWF Youth Program 2018-2019

BC Wildlife Federation  
**\$15,000 Grant**

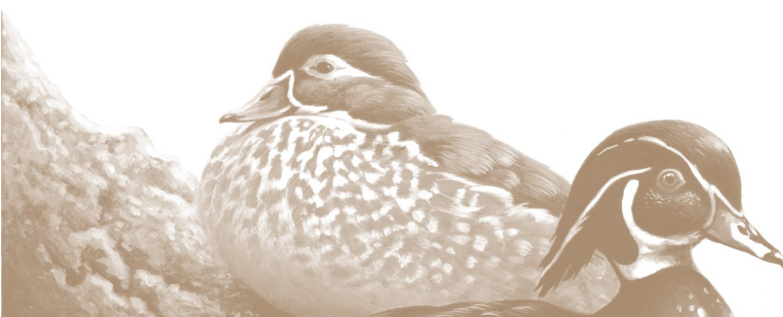

**PACIFIC BIRDS**  
HABITAT JOINT VENTURE

This program aimed to recruit a new generation of hunters, anglers, outdoor recreationalists, and conservation-minded citizens.

### Project Achievements:

- Ran four, five day camps, which engaged 122 campers, 99 families, and 77 fish and game club volunteers.
- Completed 6 conservation projects.
- Partnered with 37 different organizations across BC and Canada.

## Wetland Habitat Conservation, Restoration, and Enhancement on the Sunshine Coast, British Columbia

*(Year 1 of a 2 year project)*

### Sunshine Coast Wildlife Project \$40,000 Grant

This project conserved, restored, and enhanced wetland and upland habitat for waterfowl and other wildlife by working with community groups, local schools, private landowners, First Nations, and local, regional and provincial government.

#### Project Achievements:

- Excavated three wetland ponds in Wilson Creek forest, restoring 3 acres.
- Improved 75 acres of wetland by building and installing duck nest boxes and naturalizing shorelines.
- Surveyed more than 50 wetlands to assess waterfowl and other wildlife and identify priority sites for habitat conservation.
