Agir pour les Prairies

Réalisations du projet :

- Sensibilisation et valorisation accrues de l'écosystème indigène des prairies et des milieux humides et ainsi que de sa conservation auprès de 160 élèves de la 6e à la 8e année.
- Élaboration de plans d'action concrets par les jeunes étudiants. Les plans d'action comprenaient : la réduction de la consommation d'eau, une campagne de sensibilisation sur les répercussions des plastiques à usage unique.
- La sensibilisation à l'importance de la conservation des prairies et des milieux humides indigènes pour les espèces à péril.
