GLOSSARY ........................................................................................................................................................... 18
INTRODUCTION TO THE COMMUNITY CONSERVATION ACTION PROGRAM (CCAP)

With the demand for conservation dollars becoming more and more competitive, WHC has been looking for a way to help smaller organizations access the funding that they need to make a difference in conservation within their local or regional community.

The WHC Board of Directors has committed up to $50K annually to continue to support small(er) organizations in making conservation achievements in their communities.

The objectives of CCAP are to:

- Connect Canadians with nature
- Engage youth in conservation
- Provide educational conservation programming

WILDLIFE HABITAT CANADA CONTACT INFORMATION

Name: Kylie Graham
Title: Project Manager
Email: kgraham@whc.org

IMPORTANT BACKGROUND INFORMATION

Wildlife Habitat Canada is a national, not for-profit, non-governmental, charitable conservation organization that was established in 1984. The Community Conservation Action Program was introduced in 2021 as a way to support local, grassroots conservation efforts initiated by small(er) organizations nationwide.

Where does this money for conservation come from?
CCAP funds are provided directly by WHC.

We support conservation initiatives for wildlife and their habitats, big or small.
Our mandate is to provide financial assistance to small(er) organizations. To maximize the time spent delivering projects and making contribution achievements, this program has been designed to minimize the administrative burden. This supports more time available to get out there and make a difference.

As members of various international and national conservation committees and councils, our aim is to impact the decisions that directly affect biodiversity in wildlife and habitats as part of the solutions to climate change.

Every year, we receive grant requests totalling more than 4x the amount available through the CCAP.

**HOW TO APPLY**

It is the responsibility of the Applicant to ensure that they have read, acknowledge and understand the requirements of the CCAP.

Application Forms must be completed and submitted online. In order to be considered, completed Application Forms and required documentation are to be submitted between July and October prior to the start of the applicable program year. Please see section B-2 for further details on the application process and how Application Forms will be reviewed.

To apply for funding under CCAP, please follow the link.

**Note:**
- If there is a fundamental change to the project at any time, Applicants must notify WHC immediately.
- If an Applicant fails to upload the correct, requested documentation in the acceptable format with their Application Form submission, the application may be deemed incomplete and disqualified from funding consideration.
- Each submitted application is considered as a stand-alone application. Applicants submitting more than one application must ensure that each individual application form includes all of the required documentation requested. WHC will not consider any documents shared via another application form. Applications and associated materials are to be submitted only on the WHC Grant Portal.

**BEFORE PREPARING AN APPLICATION:**

1) Read, understand and acknowledge the program guidelines.
2) Review and understand the reporting requirements of the program.
3) Review the Letter of Agreement (LOA) – all awardees under the WHC CCAP must be willing to sign and adhere to the terms and conditions of the LOA.
4) Ensure your organization and project are eligible, according to the parameters set out in this document.
FUNDING

WHC reserves the right to award partial funding to eligible applicant organizations.

Select eligible projects that are not initially approved for funds will be placed on a “waiting list,” and the Applicant will be notified if/when additional funds become available.

In the event that CCAP funds are returned to the Program, the Letter of Agreement will be nullified and WHC will begin the process of re-allocating the returned funds to eligible projects on the “waiting list” before the end of the program year. Applicants with projects included on the “waiting list” will be contacted if funds become available for their project.

Ineligible Expenses:

- as a contribution to an endowment fund; or,
- for expenditures directly related to the acquisition of land or an interest in land, including a lease, conservation easement or conservation covenant.
- Requests for small amounts to fund a larger-scale project
  - Examples: salaries, tuition or course fees, indirect/overhead fees

NOTE: All reporting requirements must be submitted to WHC via the online platform. Funding will only be released once WHC successfully receives, reviews and approves all reporting and delivery requirements.

It is the full responsibility of the Applicant to understand and adhere to the rules and requirements involved under CCAP.

SECTION A – CCAP ELIGIBILITY AND REQUIREMENTS

A-1: Program Deadlines

Important Note: The application form, submission process and program reporting must be completed via the online platform. Any submissions/required documents sent via email WILL NOT BE accepted.
b) Project Finalization Deadline: The deadline for finalizing WHC project deliverables and submitting all final documentation to receive the final installment in March of the program year. Receipt of final deliverables/documents by WHC after this deadline may result in Applicants forfeiting the final installment or possibly the entire awarded amount.

- Canadian Residents;
- Small(er) Canadian Organizations*;
- Not-for-profit Organizations;

Ineligible Recipients of the Grant Program include but are not limited to:

- International organizations or individuals;
- For-profit organizations;

A-3: Project Eligibility

a) Project Eligibility Overview

- Applicants are permitted to submit one project per Application Form with a funding ask between $1,000 and $10,000.
- Eligible projects expenditures must have been incurred between April 1 and March 31 of the applicable fiscal year.
- Project implementation must comply with all relevant legislation, regulations, licenses, permits, etc.
• Project activities must be carried out between April 1st of the granting year and March 31st of the subsequent year. If approved, WHC grant funds must be spent within the designated fiscal year.

• A minimum 1:1 funding match ratio* must clearly be demonstrated in the application. WHC contributions cannot exceed 50% of the project costs.

**Cash and in-kind contributions may be confirmed or anticipated.** Signed letters from confirmed supporting partners should accompany the grant application form. Should funding sources be anticipated but not confirmed at the time of application, please indicate clearly in the Financial Summary section of the grant application form.

**These letters must** accompany the submission of the grant application form.

Anticipated funding sources that are not yet confirmed should be **clearly identified in the Financial Summary** section of the grant application form.

**The following activities are not eligible for grant funding from WHC under CCAP:**

- Expenditures directly related to the acquisition of land or an interest in land, including a lease, conservation easement or conservation covenant;
- A contribution to an endowment fund.

b) **Project Categories**

CCAP is seeking projects that are innovative, collaborative and engaging that align with the objectives of the program, those being:

- Connecting Canadians to nature
- Engaging youth in conservation
- Providing educational conservation programming

Eligible projects will support one or more of these categories through their project activities and expected results.

b.1) **Academic Institutions**

If applying for a grant through an academic institution, such as a college or university, the Applicant must:

- Contact WHC before submitting the application if the academic institution requires an overhead expense be charged against the requested WHC grant funds;
  - Note that no more than 15% of approved WHC funds can be allotted to overhead fees.
- Ensure that the appropriate academic institution administrative office has reviewed the draft WHC Letter of Agreement before the application is submitted. If the grant application is successful, the academic institution will be expected to enter into an agreement substantially in accordance with the draft, as a requirement of grant eligibility; and,
• Provide a letter at application submission, from the administrative office confirming that the draft WHC Letter of Agreement has been reviewed, including any comments or changes that may need to be considered if the grant application is successful.

b.2) Invasive Alien Species (IAS) Projects

The WHC Board of Directors recognizes that Invasive Alien Species (IAS) are an important habitat issue; however, with the limited funds available through this program, the scope of IAS projects that will be considered has been narrowed.

To be eligible for funding, projects with IAS components must clearly demonstrate activities based on the guidelines provided in the table below. The focus for funding will be on education and awareness and community-based IAS removal/eradication activities. At this time, this program will not accept requests that focus on ongoing maintenance associated with IAS projects.

b.3) Projects Supporting Diversity Definition and Eligibility:

Embracing diversity, for both ecosystems and Canadian organizations, is a core value at Wildlife Habitat Canada (WHC). As we recognize the need for increased inclusion and diversity in all aspects of wildlife conservation and management, WHC is committed to supporting projects from groups with diverse and inclusive goals and objectives for the grant program.

Eligibility Requirements for these projects:

• Must be carried out between April 1 – March 31. If approved, WHC grant funds must be spent within the fiscal year.
• Must have clear milestones & deliverables in both years and a minimum of 1:1 match.
• Projects are required to be related to project categories (see page 6) listed within this document and within the scope of the program.

For more information on Diversity and Inclusion, please visit www.ccdi.ca

c) Minimum Amount of CCAP Funds Available per Project:

d) Maximum Amount of CCAP Funds Available per Project:

Applicants may request up to a maximum of $10,000.00 in CCAP funds per program year.
e) **Required Matching Funds for Each Project:**

CCAP is a matching funds program, with a required match ratio of a **minimum 1:1**. This means that for every $1 of Program funds awarded, a minimum of $1 in matching funds from alternative sources must also be contributed. This may include federal funds from the Government of Canada.

Matching funds may include both cash and in-kind contributions.

**In-kind match** refers to the cash-equivalent funding in the form of a donation (donated land, products or donated services) for which no cash is exchanged but is essential to the project and that would have to be purchased on the open market, or through negotiation with the provider, if it were not provided.

As part of CCAP reporting requirements, all volunteer involvement is to be reported to WHC. This should be indicated on the Activity Table that will be provided as part of the Final Reporting process for awarded projects.

The definition of a **volunteer** is a person who works for an organization without being paid, a person who voluntarily offers themselves for a service or undertaking, or a person who performs a service willingly and without pay.

**NOTE:** Full-time or part-time staff cannot donate their time to a project as in-kind match; however, **staff time can be applied as cash match** in cases where this cost is covered by other non-CCAP funds.

f) **Wildlife Habitat Canada Recognition and Communications Requirements:**

Awardees will undertake communications activities and outreach that will highlight and promote achievements under the Program. These communication activities must be conducted in compliance with the following Public Acknowledgement requirements:

* Over the course of the project agreement, **a minimum of 2 social media posts with WHC linkage are required**, per project.

The Awardee will be required to provide authorization to WHC for the use of the image(s). **In cases of an anticipated confidentiality/privacy conflict with this requirement, please contact WHC.**
• **Project Overview:** The Awardee will be required to provide a short 3-4 sentence overview, within the Final Report, of the project’s accomplishments throughout the grant year. This may be used for communications and promotional activities.

**A-4: Expense Eligibility**

CCAP funds can only be used to fund in-year eligible expenditures directly associated with the approved project. [Chart 1 - Eligibility of Expenses under CCAP](#) outlines eligible expenses and eligible matching funds.

A-5: Additional Requirements and Expectations under CCAP

If successful Applicants choose to accept CCAP funds, the following describes the expectations and requirements under CCAP:

a) **WHC Letter of Agreement for Funding:**
   Applicants must be prepared to sign a legal agreement (the “CCAP Letter of Agreement”) with WHC.

   **Important Note:** Applicants must review the **CCAP – Letter of Agreement** template before submitting an Application Form, as the terms of the agreement as presented in the template are not open for negotiation, with the only exception being minor modification.

b) **Financial Reporting:**
   Applicants must provide a completed final budget report no later than March 15, 2024. This final budget report must demonstrate the following:
   - a minimum 1:1 match ratio;
   - a list of all eligible expenditures by expense category; and,
   - a breakdown of expenses applied to CCAP funds vs. those covered by matching funds (cash vs. in-kind).

   Final installment will be issued by WHC, following WHC’s receipt and approval of all final reporting documentation.

SECTION B – APPLICATION AND AWARD PROCEDURES

**B-1: Application Form Requirements**

a) **How many Application Forms can I submit?**
   Applicants are only permitted to submit one project per Application Form, but may submit multiple Application Forms (projects) for a total ask of $20,000. If planning to submit more than 3 applications, please contact Kylie Graham, Project Manager at kgraham@whc.org to discuss prior to application.

b) **How many projects can be submitted in a single Application Form?**
   Each Application Form represents one project.

c) **How do I submit the Application Form?**
   Application Forms must be completed and submitted online. Applicants will be prompted first to create a username and login password, and the Application Form itself can be saved at any point in time during the completion of the form. If an Applicant has applied to previous program years of the STAMP Program, the same username and password can be used to complete the Application Form.

   **NOTE:** Any Application Forms submitted to WHC staff by email or mail will not be considered.

   All reporting documentation MUST be uploaded to the application account throughout the duration of the project.
d) **What documentation will be required as part of a complete Application Form?**
The list of documentation required in the Application Form is listed under [Chart 2: Checklist of Required Documentation for Application and Installments](#).

e) **How do I know if my Application Form was successfully submitted online to WHC?**
Applicants will receive an automated email when the Application Form has been submitted successfully.

### B-2: Evaluation of the Application Form

a) **How and when will my Application Form be reviewed?**
Grant applications submitted by the deadline will be reviewed by WHC Staff for eligibility requirements and then undergo an internal review process to evaluate the projects potential. Funding recommendations will be made to the Wildlife Habitat Board of Directors in late January.

Applicants will subsequently be advised of the Board’s funding decision prior to the start of the fiscal year (i.e. prior to April). Grant applications received by WHC are reviewed on their own merit annually. Please note that receiving funding one year does not guarantee subsequent funding. Proponents with projects approved for WHC funding will receive a funding agreement ("Letter of Agreement") for signature. Applicants are strongly encouraged to review the [Letter of Agreement template](#) in the application stage, as no changes will be made to this document. WHC funding is subject to projects meeting the conditions and requirements set out in the Letter of Agreement.

**NOTE:** It is the Applicant’s responsibility to ensure the submission of a complete Application Form, including all of the correct, requested documentation in an acceptable format.

b) **Who will evaluate my Application Form?**
Applications are reviewed by WHC staff for eligibility and completeness. Once marked as complete, WHC staff review each application and discuss the potential of each project as well as its relevance to CCAP, ranking projects in order of funding recommendation. WHC then presents applications recommended for funding to the WHC BOD for final funding decision.

c) **How will my Application Form be evaluated?**
Eligible applications will be evaluated on the relative strengths of the conservation criteria. If the Application Form does not convey competitive conservation value, WHC reserves the right to reject the project. For the complete evaluation and breakdown, please refer to the [CCAP Application Review Criteria](#).

*Other items taken into account by the WHC Board of Directors:*

- Projects that contribute to an equitable geographic distribution of WHC support across Canada.
- The involvement of multiple funding partners.
- Assurance that WHC funds will be used for project related activities within the specified fiscal timeframe.
- Projects that promote and advocate the importance of wildlife habitat in Canada.
- Projects with a lasting and long-term community impact.
**B-3: Award/Rejection Letters**

a) **When can I expect to receive an award/rejection letter?**
   It is anticipated that award/rejection letters will be distributed in February of the grant year.

b) **How can I expect to receive an award/rejection letter?**
   Award/rejection letters will be distributed via email.

**B-4: Installments**

a) **What are the installments amounts?**
   Payments are made to awarded recipients in two separate installments. The first installment amount is 75% and the second is 25%, of the total awarded amount.

   Installments will be processed for release to awardees via electronic transfer, following WHC’s review and approval of required deliverables.

b) **What documents are required before WHC will release the installment?**
   See [Chart 2 - Checklist of Required Documentation for Application and Installments](#). After all required and requested documentation has been completed and approved by WHC, payment will be processed for disbursement.

   **NOTE:** WHC requires at least 4 weeks to process and release payment installments.

   Failure to submit all necessary/requested documentation and reporting by the deadline, may result in the forfeit of funding in whole or in part.

WHC CCAP Guidelines
GLOSSARY

Award/Rejection Letter: Refers to the letter sent by WHC to the Applicant, advising whether or not the Applicant's Application has been approved to receive federal funds under the NHCP-LTCF, or if it has been rejected. If the Applicant has been approved, the letter will inform the Applicant of the maximum amount of federal funds awarded, as well as the necessary documents required (next steps) in order to receive first installment.

Project: For the full project definition under CCAP, see section A-3: Project Eligibility.

Volunteer: A volunteer is a person who works for an organization without being paid, a person who voluntarily offers themselves for a service or undertaking, or a person who performs a service willingly and without pay.

Participant: any person participating in an educational program, outreach event, or stewardship activities. Participants could be landowners, volunteers, students, etc...

Stewardship: Encompasses a wide range of voluntary actions taken by people to care for the environment. Activities that promote or directly result in sustainable land use for the benefit of populations of priority species and their habitat. Can include the direct conservation of wild species and their habitat or improving quality of habitat through the mitigation of human impact (e.g., installing nest boxes, monitoring wildlife populations and protecting habitat from disturbances, community-based projects that restore riverbanks and present soil erosion, etc.).
